

THE LIMA TIMES-DEMOCRAT.

CABLE AND TELEGRAPH REPORT OF THE SCRIPTS-MORAY PRESS ASSOCIATION CO.

VOL. XVII, NO. 229

LIMA, OHIO, TUESDAY, JULY 9 1901.

PRICE THREE CENTS.

COLONEL KILBOURNE

A Decided Favorite in the Open Race for Head of the Ticket.

Mr. Zimmerman May Withdraw

And Move to Nominate the Popular Columbus Man by Acclamation But He Declines to Accept Second Place on the Democratic Ticket.

TODAY'S PROGRAMME.

- 1 P. M.—District caucuses called to order in the state house.
- 2 P. M.—Meeting of State Central Committee at Great Southern hotel.
- 7 P. M.—Meeting of the various committees chosen at district caucuses at Great Southern hotel.
- 7 P. M.—Meeting of new Central Committee at Great Southern hotel for organization.

Washington, C. H., and Judge S. W. Courtwright, of Circleville, have opened headquarters. S. M. Wins, of Zanesville, is expected in the morning. General Finley's entanglement with the candidacy of Frank S. Monnett has, as is stated previously in these dispatches, weakened him and there are those who predict that their quarrel will result in the same way that the famous encounter of the Kilkeny cats drew to a close; to wit, they will eat each other up.

Three For Treasurer.

Up until late last night R. Page Alesbire, of Gallia county, had the field for the nomination for State Treasurer practically to himself. He arrived early Monday morning, accompanied by a delegation from his home county and attended by Editor Merriman. They were miniature photos of the Gallia county candidate in their buttonholes and lost no time in circulating for votes.

Later in the day Newton L. Bannell, of Warren county, who is figuring in a deadlock between Alesbire and J. H. Morris, of Mahoning county, made his appearance and began to survey the ground. The battle is now fairly on between these three.

CONVENTION GOSSIP.

The Enquirer's personal column of prominent men in the convention, contained the following paragraphs concerning people of Allen county and the Fourth district:

W. B. Richie, of Lima, who was mentioned as a possible candidate for Governor, is here at the head of the Allen county delegation. He declined to be a candidate for any office, declaring that he felt he could do the party more good as a delegate than in any other position.

Bernie W. Layton, of Wapakoneta, one of the Sergeants-at-Arms in the National House of Representatives, is, as usual, taking an active interest in the doings of his fellow Democrats.

C. D. Crites, of Lima, is another of the old guard of Democracy who has been active in recent years, but who is back in line again ardent as ever.

Senator "Rabbit Bill" Decker, of Paulding county, is sick and unable to attend the convention. This is a disappointment to his friends, as well as to the rabbit-extinguishing statesman, for he was one of Kilbourne's first and earliest supporters.

J. H. Goetze, of Wapakoneta, one of the Gold Democrats of that section, is in attendance on the convention. His brother is part owner of the Westboto, the German Democratic daily of this city.

One of the famous old timers to reappear was ex-Congressman "Bill" Hill, of Defiance, who is on the delegation this year of grace. He may appear as a member of the committee on Resolutions.

George E. Gilliland, of Washington, D. C., who was Senator Brice's private secretary during his term in Congress, is in the city. Mr. Gilliland is now occupying the same position with Senator Clark. Gilliland has always been a conservative in his Democracy, and his presence but serves to call attention to the number of men who have not been seen at Democratic conventions for years, and who are here now elated and happy at the thought of being once more in the party ranks.

JESSIE MORRISON

Has Been Taken to the Penitentiary at Lansing.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

Special by wire to Times-Democrat. Eldorado, Kas., July 9.—Jessie Morrison was taken to Lansing penitentiary this morning to serve five years for killing Mrs. Olin Castle, her step-daughter. She was taken from her cell to her home early to say good-by to her mother and was held up to the last.

KITCHENER

Makes His Report of Boer Losses Since July 1.

Special by wire to Times-Democrat. London, July 9.—Lord Kitchener reports that the Boer losses since July 1 have been as follows: Killed, 49; wounded, 27; taken prisoners, 182; surrendered, 31. One hundred and forty-nine rifles, 7,000 rounds of ammunition, 312 wagons, and many horses and cattle have also been captured by the British in that time.

AN ECHO

Of the Tragedy of Governor Goebel's Death.

The Wife of Ex-Governor Taylor Died in Indianapolis This Morning.

Special by wire to Times-Democrat. Indianapolis, July 9.—Mrs. Sarah Taylor, the wife of ex-Governor Taylor, of Kentucky, died at 3 o'clock this morning from heart failure. She had been ill for several weeks but her death was not expected. Mrs. Taylor came here a year ago last May, following her husband, who made this city his home to avoid arrest in connection with the Goebel conspiracy charges.

TWO

Killed and Six are Injured.

Limited Train

On the Lake Shore Road Wrecked.

Accident Occurred Ten Miles East of Cleveland This Morning.

Freight on Westbound Track Broke in Two and Sections Colliding Threw a Car in Front of the Limited.

Special by wire to Times-Democrat. Cleveland, July 9.—At Nottingham, a small station ten miles east of here, the Lake Shore limited, east bound, was wrecked at three o'clock this morning. Frank Anderson, engineer of the limited, living in Buffalo, and C. B. McCollum, a postal clerk, whose home was in Cincinnati, were instantly killed. Half a dozen others were injured but no other deaths will result. The accident was a unique one in that a freight train, west bound, broke in two, and the last part of the train then jammed into the first section and shunted a car over onto the other track in front of the limited and the wreck resulted. Both trains were fearfully wrecked, and the loss will be more than \$100,000. The limited was the fastest and most luxurious train on the Lake shore road.

Later information from the scene of the wreck announces that S. D. Elliott, of Buffalo, fireman of the limited, is fatally hurt. H. Johnson, of Buffalo, fireman of the freight train, is unconscious and badly hurt. Wm. Baker, of Columbus, mail clerk, and two unknown tramps were seriously hurt and two passengers were injured.

Returned to Face the Music. Leipzig, July 9.—Town Councillor Bodel, president of the board of supervisors of the Leipziger bank, and who was absent in the United States, when the bank failed, has arrived here from New York. He was at once arrested by the public prosecutor.

Flagman Killed. London, O., July 9.—William Dineen, 35, a flagman, was killed at a street crossing by a passing freight train. In attempting to step on the track he fell under the engine.

Harding Renominated. Marion, O., July 9.—State Senator Warren G. Harding was renominated by the Republicans of this senatorial district.

BRIEF BUT BREEZY. Important Dispatches With All Extra Words Cut Out. T. R. Harriok, 73, of Wellington, C., father of Myron T. Harriok of Cleveland, is dead.

Three explosions wrecked Corning powder mill at Santa Cruz, Cal. One employe killed. Sidney Locke of Lockport, N. S., mentally deranged, murdered his three children.

Robert O. Wickersham, vice consul of United States at Castellamare di Stabia, Italy, is dead. Body of Martha White found near Middleboro, Ky. Evidently assaulted and murdered. No clue.

Business portion of Colebrook, N. H., a lumber town on the Connecticut river, burned. Loss \$170,000. In a duel over a trivial matter Will Lawson with a shotgun killed Alf Duty, who used a revolver, at Goliad, Tex.

Miss Era Reed, 45, writer on botanical subjects, killed by a train while sketching on the Burlington road near Louisiana, Mo.

Sam Smith, 20, shot and killed by Fayette Stewart at Waco, Tex. Constable Mrs. Stewart was "prying" about the premises.

Horrible Death. Zanesville, O., July 9.—Rosa Shaver, 35, suicided by pouring coal oil over her clothing and applying a match. It is believed she was temporarily insane.

LIKE

Two Mad Beasts the Women Fought,

Blood Flowing

Until the Sidewalk was Red With It

And Had to be Washed Into the Gutter With Stream of Water.

With Knife and Razor Two Negroes Fight a Bloody Duel in the Presence of a Big Crowd of People.

Special by wire to Times-Democrat. New York, July 9.—Marble Harris, and Pauline Wilson, two negroes fought a duel on Third avenue yesterday afternoon as the result of a heated quarrel. The Harris girl drew a three inch blade and the Wilson girl brought out a razor. A big crowd of spectators surrounded the two women but no one interfered, and they fought savagely for fully five minutes, when both were forced to stop fighting from sheer exhaustion and the loss of blood they were both covered with blood. The Harris girl was horribly cut about the face, and finally fainted. She was taken to a hospital and the other girl made her escape before the police reached the scene of the duel and she is still at large, though badly wounded.

The battle was one of the most vicious ever witnessed in the streets of New York and so much blood flowed from the wounds of the savage combatants that the occupants of the properties in front of which the duel occurred had to use hose and a stream of water to wash the gore from the sidewalk into the gutter. The cause of the women's hatred for each other has not been learned.

"NO ENGLISH

Allowed Here," are Notices Posted in Paris.

Special by wire to Times-Democrat. Paris, July 9.—Preparations are in progress for a great pro-Boer demonstration to occur here on July 14, which will conclude with a boulevard procession. The cafes in the Latin quarters have been compelled to display notices which read, "No English allowed here."

WAS ARRESTED

And Tried to Suicide by Eating a Glass Globe.

Special by wire to Times-Democrat. St. Louis, July 9.—Nannie Lowhouse, a fortune teller, was arrested here last night for an attempt to swindle a Chicago merchant out of \$2,000. Early this morning she snatched up an electric light globe and ate it. She is in agony and will doubtless die.

Shipwrecked Crew Saved. Boston, July 9.—The Wilson and Furness-Leyland line steamer Cambrian, Captain Lee, arrived from London, having on board the shipwrecked crew of the Norwegian bark Hanna, which was wrecked by collision with the Cambrian in a dense fog July 4. The vessel was too badly damaged to be towed and was abandoned off the Newfoundland banks. The Hanna, with her cargo, was valued at \$19,000.

Mrs. Armour Didn't Need It. Cincinnati, July 9.—Mrs. Phillip Armour of Chicago through her attorney declined to take one-half of the estate of her brother, Frank Ogden, who died recently in Cincinnati. Mr. Ogden left an estate which, by his will, was to be equally divided between his wife and his sister, Mrs. Armour. By the latter's generosity the whole estate will go to the widow.

Lightning Started Hotel Fire. Brunswick, Ga., July 9.—During a thunder storm the Ogleshorpe hotel, leading hostelry of the city, was struck by lightning and set afire. The downpour of rain was torrential which materially aided in controlling the fire. The hotel, contained 150 rooms, it was badly damaged by fire and water, the loss amounting to \$60,000. There were no casualties.

Jewelry Store Robbed. Woodstock, S. D., July 9.—The jewelry store of S. Solomon in this city was entered by burglars, who escaped with \$5,000 worth of diamonds.

MONEY BROKER

Attempts to Create a Money Panic on Wall Street.

Special by wire to Times-Democrat. New York, July 9.—A money broker attempted a raid on stocks yesterday and tried to create a money panic, owing to the unfavorable bank statements of last Saturday. J. P. Morgan, the Bank of Commerce and the Morton Trust Company dumped twenty millions into Wall street at six per cent and balked the broker's game.

A CHERRY TREE

Afforded Shelter to a \$10,000 Deposit.

Special by wire to Times-Democrat. Anderson, Ind., July 9.—It developed today that the late Isaac Milburn did his banking under a cherry tree in the rear of his home almost in the heart of the city. A tin box containing \$10,000 in gold was found under the tree and various sums in other places about the residence. He was wealthy and eccentric and afraid of banks.

Live Stock Market. Chicago, July 9.—Cattle 3,000 steady; hogs 13,000, active; sheep 12,000, 10 and 15 cents higher.

ONLY

Another Scandal at Manila

And a Governor

Is Ordered Up for the Whitewash.

Is Alleged to Have Used His Office to Feather His Own Nest.

Was Instructed to Protect the Interests of the Natives and He Obeyed Orders—"In the Usual Way."

Manilla, July 9.—The United States Philippine commission has ordered H. Phelps Whitmarsh, the governor of Benguet province, to come to Manilla and submit to an investigation, owing to the allegations that he has been using his position to personal advantage in acquiring land and mining rights from the natives. He is charged with indiscretion and violation of his instructions. The commission particularly instructed Governor Whitmarsh to cultivate friendship and protect the interest of the Igorotos, who suffered from Spanish extortions and exploitations.

Colonel Duval of the Forty-eighth regiment occupied the provinces of Union and Benguet, and Dr. Kieffer, the regimental surgeon, who was prominent in the civil administration of the province, complained of Governor Whitmarsh's methods of administering his office.

The commission is inclined to attribute the feeling existing to military opposition to civilian authority in Benguet. Voluntary statements made by natives to Commissioner Worcester while on a visit to Benguet formed the basis of the investigation. General Bell has forwarded similar allegations to Manilla.

Generals Chaffee and Wade are at Bantangas. The removal of the military headquarters in southern Luzon from Manilla to Lipa, in Batangas province, is contemplated. Parde de Tavera, who has been announced as a future member of the civil commission, and General Cailles, the Filipino leader who recently surrendered in Laguna province, are going to that province to organize municipalities.

Albert Johnson's Will. New York, July 9.—The will of the late Albert L. Johnson was opened and read at the family residence. Mayor Thomas L. Johnson of Cleveland, who is named as sole executor, stated that the document was a brief one and bequeathed all the estate to the widow and her four children. The value of the estate is reported to be upwards of \$1,000,000.

St. Johns N. F., July 9.—The British steamer Delmar, Captain Williams, from Dundee June 23, went ashore at Rehens, on the east coast of Newfoundland and a mile from the wrecked Orient Steam Navigation company's steamer Lusitania. The Delmar was caught on a reef in Blackhead cove. She struck shipwrecks. She is carrying only a small cargo and no passengers, except the wife of the captain, the couple being on their wedding trip. A heavy sea is running, but the vessel is in no great danger, and the crew, realizing this, remained aboard.

DOOR

Of Her Room was Barricaded

When the Cries

Of Terror Brought the Child's Father.

When the Door was Battered Down the Little Girl was Missing.

Half an Hour Later Her Mangled Corpse and an Insane Man Who Brandished a Bloody Knife Were Found.

Special by wire to Times-Democrat. Denver, Col., July 9.—Christ Janson, an insane laborer, was found wandering about the streets in south Denver at midnight last night, brandishing a bloody knife and with his hands and clothes covered with gore. He was arrested with difficulty and at the same moment J. Gingore, a wealthy transfer man, telephoned to the police headquarters, that his little daughter was missing. Gingore had been aroused from sleep by her screams of terror and agony, and after breaking in the barricaded door of her room he found her bed saturated with blood, and the child missing.

Thirty minutes later the child's body was found, hacked to pieces. Jensen is undoubtedly the brutal thug who has terrorized the women of Denver for two years, and who has already killed two persons. It is almost certain he killed Gingore's unfortunate child.

Must Work or Pack Up. Newport News, Va., July 9.—James O'Connell, president of the International Association of Machinists, here addressing a meeting of strikers here asked W. A. Post, general superintendent of the Newport News Shipbuilding and Drydock company, what the company would do to end the strike. Mr. Post said the company would make no concessions whatever. Mr. O'Connell reported the result of the conference to the strikers, who voted to stay out until their demands are granted. Mr. Post sent a letter to R. J. Mulcahy, president of the local lodge of machinists, notifying him that any of the men applying for work before 7 o'clock Thursday morning would be re-employed. Those not intending to return to work were notified that they must get their tools out of the yard before Thursday, as their places would be filled.

Cramps Have a Claim. Washington, July 9.—The navy department has been advised that the Cramps of Philadelphia have a claim of about \$264,000 against the government for delay incident to furnishing armor for the battleship Alabama. The delay was caused by the controversy in congress as to the quality of armor, and pending the controversy no armor was available for the Alabama and a number of other ships under construction. The Alabama was begun in December, 1896, and under the three-year contract would have been completed in December, 1899. Owing to the lack of armor the ship was not actually completed for many months after this time.

Agricultural College Bounty. Washington, July 9.—The treasury department drew warrants aggregating \$1,200,000, or \$25,000 each for 48 states and two territories, being the maximum amount provided by congress in the act of Aug. 30, 1890, for the endowment and maintenance of colleges for the benefit of agriculture and mechanic arts. This act provided a minimum sum of \$15,000 for that year, with an annual increase of \$1,000 for 10 years up to \$25,000. The maximum is now reached and hereafter the states and territories will receive annually this sum for agricultural colleges. This money is the proceeds of the sales of public lands.

Caught on a Reef. St. Johns, N. F., July 9.—The British steamer Delmar, Captain Williams, from Dundee June 23, went ashore at Rehens, on the east coast of Newfoundland and a mile from the wrecked Orient Steam Navigation company's steamer Lusitania. The Delmar was caught on a reef in Blackhead cove. She struck shipwrecks. She is carrying only a small cargo and no passengers, except the wife of the captain, the couple being on their wedding trip. A heavy sea is running, but the vessel is in no great danger, and the crew, realizing this, remained aboard.

NEW

Fields Must be De-
veloped Soon

Lest the Trade

Shall Fail to Supply
All Demands.

Recent Developments Have
Fallen Behind Previous
Records.

Ohio Fields Seem to Have Reached
the Station of Supreme Rest So
Far as New Pools are
Concerned.

"We will have to develop some
more new fields pretty soon," said Mr.
G. W. Ralph to The Times yesterday.
"When we look back for a period of
ten years and see the pools that have
been opened up and exhausted or par-
tially so, and yet find the consump-
tion demand fully equal to the supply,
it begins to look a little doubtful
whether or not the trade can furnish
all the oil that will be necessary in the
future."

"I see that the circulars advertising
various kinds of grease made from pe-
troleum the Standard Oil company
states that no more gasoline will be
sold for stove uses. The company is
making an oil stove and furnishing a
refined oil that is cheaper, better and
safer than gasoline. All those things
help to swell the demand for oil."

A Text Furnished.
These remarks furnish the text for
a lengthy sermon. The sources of oil
consumption continue to enlarge, not
only in the opening of new channels
in our own, as well as in foreign coun-
tries, but in the various agencies of
domestic uses in the world where pe-
troleum has been in use from the be-
ginning.

Taking a Glance.
In glancing over the producing
fields as they appear at this writing
the statement of Mr. Ralph is quite
to the point. When it is considered
that, practically speaking, the great
Wood county deposit has been relieved
of its burden of supply within the past
10 or 11 years, and that Siskiyou,
McDonald, Mannington and a score
of other pools in the eastern regions
have been unearthed and have been
similarly dealt with, it should not be
regarded as a dangerous matter to
hear of a new well in a fresh locality
at this stage.

No Important Wells.
Practically there are no new pools
of importance in sight. When this is
said no reference is made to the fuel
oil discoveries of recent date. In the
strict sense of the petroleum business
these do not enter the class under
consideration. Therefore they should
have no influence in shaping the val-
ues thereof.

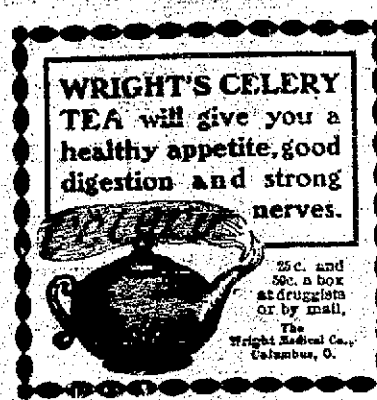

Upon the sources of supply natu-
rally depends the value of any com-
modity. When there was but one oil
well in the world, nearly 42 years ago,
oil was worth \$20 a barrel. Three
years later when wells multiplied and
more oil was obtained than there was
any use for, it sold for whatever the
seller could realize, sometimes as low
as ten cents a barrel.

Natural conditions controlled prices
in those days, and to an extent at
times do so to the present day. The
fear of Sand Fork, W. Va., on the ap-
pearance of a gusher, broke the mar-
ket 20 cents a barrel. The arrival of
an asphaltum spouter in Texas broke
it 10 cents more. In neither case was
there apparent reason for any species
of decline. In the first instance the
pool was what might properly be
termed a grand fizzle, so far as sup-
plies were concerned, and the second
was like unto it as regards the quality
of the stuff produced.

The Texas commodity may some
day affect the lubricating trade, but
from present appearances it will not
even succeed in that direction. The
only possible effect it can have in any
way is in cheapening the article of
fuel to consumers within reasonable
reach. This is always a good thing
for the people of any state.

Interest to Producers.
But what interests petroleum pro-
ducers at this moment is, "Where are
we at?" The Trenton rock regions
have produced and passed up 240-
000,000 barrels of oil in the short
period of about 12 years. Prior to
that time the yield was very small.

The world has received it, in addition
to 550,000,000 barrels from the fields of
the east. This great quantity will
disappear. The sources whence it
came must some day be duplicated, or
there will be trouble to find sufficient
light.

Ohio Fields.
The Ohio fields seem to have ar-
rived at a station of supreme rest so
far as the development of new terri-
tory is concerned. In Lucas county,
which bounds the great belt at the
northeast, the one point of particular
interest is the new pool in section 25,
Oregon township. The last well com-
pleted by Wolfe & Barnes, Wyn farm,
is said to be doing about 1,000 barrels
a day. The land has been thor-
oughly leased all the way to the lake.
Wolfe secured the Jo Metzger, the Na-
varre and the Case farms and G. W.
Barnes has purchased a half interest
in the same.

The Fox Oil company has com-
pleted the third well, which is very
small. The territory does not pro-
mise to furnish profit from every well
drilled. But the fact of the existence
of two wells out of six that are good
for 100 barrels each—the Wolfe and
the Duftmeyer—is sufficient to lead to
a rapid search in the neighborhood
for more. Wolfe & Barnes have
already started operations on the
Metzger.

Bowling and Lang have secured some
pieces to the north bounded by the
lake.
In the Portage field there are, no
new discoveries. The water supply
seems to be unlimited. The greatest
lack is gas to keep gas engines in
motion. Those who have it will not
part with it at any price, though it
goes to waste. Pumping water with
coal as fuel is a pretty expensive pro-
ceeding.

Some fair wells are being obtained
in Marion township, Hancock county.
D. B. Cratty's No. 2, Wisely farm, is
reported at 50 barrels.
The Ohio Oil company, Bish farm,
same township, have a 25 barrel pro-
ducer.

Week in Speculation.
The week in speculation has been
rather dull. Buyers and sellers of oil
properties remain quite a distance
apart, except in important cases. Hold-
ers of properties within the range
of deep sand soundings are actually
demanding \$800 a barrel for net yield.
This they cannot obtain, as it is im-
possible to sell the pudding and eat it
at the same time. This however, is
the meaning of the position.

Prospects in California.
It is stated that prospects have im-
proved of late in the California fields.
The Standard Oil company it is said,
has obtained a strong standing and
has contracted with various associa-
tions for the product at a certain
price. The oil of Los Angeles is to
command 80 cents, while that of Kern
river is to bring 35 cents. At the
latter place upwards of a million bar-
rels of storage is to be erected at once
and the oil to fill it has all been pur-
chased from the producers.

The voice of the eastern press has
been heard on the western coast, and
several of the fake organizations
whose stock has been floated on the
winds of the east as well as elsewhere,
have come to grief, and more are to
follow. The California and the Texas
oil business is rapidly assuming legiti-
mate proportions.

Van Wert Field.
The M. H. Morgan No. 3, York, is
turning out to be a light well. Its
daily average is from 18 to 20 barrels.
The No. 8, on the Jennings lease
directly opposite it is a much better
well. One day this well pumped 75
barrels, but this cannot be accepted
as an average, as the tubing has been
giving lots of trouble so that the well
has not had a fair chance under
steady pumping yet.—Van Wert
Bulletin.

The Eastern Fields.
On Leaf Bank creek, Center district,
Calhoun county, Godfrey, Cabbot &
Co. have decided to drill their second
test well on the A. G. Matthews farm
deeper. They are down 2,000 feet.
There are now 13 rigs and drilling
wells in Calhoun county. The pro-
ducing wells are showing commen-
dable staying qualities. The gauges
are as follows: Taaswell Taylor No.
1, 80 barrels; No. 1, T. M. Depew, 60
barrels; No. 2, J. Metz, 50 barrels and
J. M. Guffey & Co.'s No. 2, 2 Richard
hoirs, 25 barrels. The next well due
will be the Lowther Oil company's
test on the William Richards farm in
the shallow territory in Washington
county, Ohio. G. C. Best has completed
his No. 4, on the N. E. Russell farm
and has a 90 barrel producer. South
of the Montgomery field in Butler
county, Elser, O'Brien & Co., have
drilled in their No. 3, on the Ash-
worth farm and have a show for a
60 barrel producer from the 100 foot
sand.—Derrick.

NEWS

Of the City Across
the River.

Camp Meeting,

To be Held at Findlay
Next Month,

Will be Attended During Ten
Days by a Number of
South Siders.

Two New Cases of Scarlet Fever
Have Been Reported from the
Home of E. M. Love, West
Kibby Street.

Miss Jennie Thompson, of south
Main street, is seriously ill.

Mrs. Elmer Welker and children
are spending a weeks vacation in the
country at the home of her parents.

Ralph Kissell, accompanied by his
sister, Miss Ethel, will leave for Van
Wert this evening, where they will
spend the summer with their grand-
parents.

C. R. Phillips with his family visit-
ed at Spencerville, today.

William Shrader, accompanied by
his family, has returned to their home
on south Main street after visiting in
Cincinnati.

The home of T. H. Johnson, on
Greenlawn avenue affords its hospitali-
ty to Miss Norma Huffer, of West
Minster.

Miss Bessie Browsher is visiting
Miss Minnie Heffner, of West Minster.
Gertrude Kline left today for Buff-
alo, where she will attend the Pan-
American exposition.

Don Fellows is here from Paducah,
Ky., visiting his parents on south
Main street.

Mrs. J. E. Mell, of east Vine street,
is visiting at West Cario.

Clarence Sanders, of Lake View, is
visiting at the home of John E. Riley,
on Broadway.

This evening the Epworth League
of Grace church, will hold a social at
the home of Enos Stuckey, on south
Central avenue.

After an extended visit with rela-
tives at West Cario, Lloyd Mell, has
returned to his home on east Vine
street.

Two children of E. M. Love, on
west Kibby street, are afflicted with
severe cases of scarlet fever.

Charles Michael and family have
moved to south Jackson street, from
Columbus Grove.

Mrs. E. C. Ring is entertaining Miss
Hazel Bazel, of Van Wert, and Miss
Foy, of Sandusky.

Mrs. A. G. Jessup is entertaining
Mrs. Lottie Paine, of Prairie Depot.

Quite a number of south Lima per-
sons are arranging to attend the sec-
ond annual gathering of the Hancock
County Camp Meeting Association at
Findlay, August 1 to 11, inclusive.

Chas Carmean and wife, of Second
street, has as their guest, Mrs.
Christiana Moser, of Spencerville.

Elvin D. Arnold yesterday purchased
the Gus, Heitsler property, corner of
Second street and Reese avenue.

Business was transacted by Frank
Rickert, at Elide, yesterday.

After a weeks pleasant visit with
Mrs. Ruthell Laughlin, on St Johns
avenue, Miss Daisy Van Dyke, left
today for her home at Warsaw, Ind.

A position in south Lima has been
accepted by Miss Mable Black, of
Ada.

At the shoot held by the south side
Winchester gun club yesterday after-
noon, Elmer Marshall made the high-
est score, breaking twenty four birds
out of a possible twenty five.

Playing at sack racing at his home
in south Lima yesterday afternoon,
Harry Knoles, fell breaking his right
arm near the wrist. He also cut a
deep gash over his right eye by fall-
ing upon a piece of broken glass. A
physician reduced the fracture, also
dressed the wound which bled fur-
tiously for a time.

South Lima relatives of Mrs. Allen
Marty, of Ada, have received informa-
tion of her serious illness at her
home. Her condition is precarious.
She has many local friends who will
be sorry to learn of her alarming
condition.

Quite a serious accident occurred on
the south side yesterday evening in
which Willie the twelve year old son
of S. P. Logue, sustained painful in-
juries. The Logue boy has been
visiting in town since the Fourth
with Edward Spreckler, on St Johns
avenue. Yesterday afternoon the two
boys were playing in a swing when
about twelve feet in the air it broke
precipitating them to the ground.

The Logue boy fell against a fence
striking on his back which was so

Free! Free!

Free!

commencing

Wednesday, July 3rd,

at 3 o'clock.

ALETA THE WONDER

In order to introduce herself to the people
of Lima and to show what she can do with her

WONDERFUL GIFT

Will, without asking a question, taking the tem-
perature or feeling the pulse, point out, and de-
scribe the exact seat of your disease. If you are
afflicted with any form of disease, no matter how
complicated, go and see.

ALETA, the Wonder,

Rooms 73-74, Hotel Norval.

severely sprained as to render him un-
conscious for awhile. If the boy re-
ceived no further injuries he will
have a very lame back for sometime.
It is feared he may have suffered
slight internal injuries.

Last night D. H. Bish, left for Ken-
ton, where he will visit a few days in
company with several young men of
that place and then go to the exposi-
tion at Buffalo.

It will be gratifying to her friends
to learn that Mrs. George Purry, of
McPherson avenue, who sustained
such painful injuries in a bicycle ac-
cident several weeks ago has entirely
recovered.

Yesterday Carl Gsell, accompanied
by his wife left for their future home
at Portland, Indiana. While re-
siding on the south side they have
made many friends who regret to
have them leave.

The members of Grace church
choral society pleasantly surprised
Mrs. George Purry at her south Lima
home a few evenings ago.

A Bellefontaine young lady, Miss
Bessie Surge, is the guest of Mrs.
Marcus Hamilton, on west Kibby
street.

Robert Leedom, of Greenlawn ave-
nue, is on the sick list.

White Man Turned Yellow.

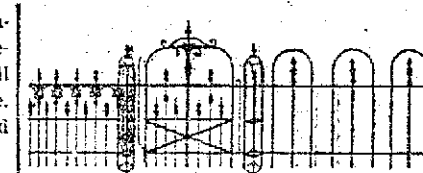

Great consternation was felt by the
friends of M. A. Hogarty, of Lexington
Ky., when they saw he was turning
yellow. His skin slowly changed
color, also his eyes, and he suffered
terribly. His malady was Yellow
Jaundice. He was treated by the
best doctors, but without benefit.

Then he was advised to try Electric
Bitters, the wonderful Stomach and
Liver remedy, and he writes: "After
taking two bottles I was cured." A
trial proves its matchless merit for
all Stomach, Liver and Kidney
troubles. Only 50c. Sold by H. F.
Vortkamp, druggist.

When a man has nothing to do
nobody wants him around. Every
notice how a business man scowls
when an idle man comes in to occupy
his chairs, and "talk?"

A Poor Millionaire.

Lately starved in London because
he could not digest his food. Early
use of Dr. King's New Life Pills
would have saved him. They
strengthen the stomach, aid digestion,
promote assimilation, improve ap-
petite. Price 25c. Money back if
not satisfied. Sold by H. F. Vor-
kamp, druggist.

Iron and wire fencing for all pur-
poses. Tree guards and bitch
posts. Also iron chairs, settees, vases,
etc., for the lawn or cemetery lot.
Please write for particulars and
prices.

W. ROCKEY,

Postoffice box 103, Lima, O.

Cure the World's Headaches.
BROMO-PEPSIN

"Sparkling, Effervescent, Cooling."
No Opium. Prompt in its Action.
All Druggists, 10c, 25c and 50c.

We have decided that the made shirt
waist isn't cool enough for us, and are
waiting till something cooler is in
fashion, going without a waist at all,
would be about right.

It Dazzles the World.

No discovery in medicine has ever
created one quarter of the excitement
that has been caused by Dr. King's
New Discovery for Consumption. It's
severest tests have been on hopeless
victims of Consumption, Pneumonia,
Hemorrhage, Pleurisy and Bronchitis.
Thousands of whom it has restored to
perfect health. For Coughs, Colds,
Asthma, Croup, Hay Fever, Hoarse-
ness and Whooping Cough it is
quickest, surest cure in the world.

It is sold by H. F. Vortkamp, who
guarantees satisfaction or refund
money. Large bottles 50c and \$1.00.
Trial bottles free.

When people become angels, we
hope there will be a complete change
in their nature; nothing is quite so
fresome as organic human trying
to be angels.

For forty years Dr. Fowler's Extract
of Wild Strawberry has been easing
summer complaint, dysentery, diar-
rhea, bloody flux, pain in the stomach,
and it has never yet failed to do every-
thing claimed for it.

Abuse is so common that it attracts
no attention. But compliments are
unusual. When we hear compliments
about people we always repeat them.

LIGHT

Committee Makes a Report

To the Council

On the Locations for Arc Lamps.

Specifications for Jameson, Brice and Richie Avenues Adopted.

An Issue of Improvement Bonds Sold to Crogan Bank, of Fremont — Pennsylvania Avenue to be Paved.

The city council met last night with President Davis in the chair, and the following members present: Baumgardner, Linderman, Haage, McCullough, McCauley, Sherman, Moses, Greely and Scully.

Minutes of last meeting were read and approved.

North Union and east Grand avenue property owners petitioned for a light at the intersection of those thoroughfares was referred to the light committee.

The sewer committee recommended the purchase of twelve-inch tile for construction of sewer on Haller street, providing Haller street property owners provide the labor for the construction, and that contract for a number of sewer connections on east High street be awarded to several sewer contractors.

Contract for construction of retaining wall at east Elm street bridge was awarded to Custer & Numaugh.

Street committee recommended that proposition from Pennsylvania railroad company relative to improvement of Pennsylvania avenue be accepted providing that the company pave the street, instead of macadamizing it. Adopted.

The following report of the light committee was adopted:

We, the members of the light committee recommend and submit the following report for your approval:

That the following arc lights be moved from Richie and Charles streets to No. 731 west Wayne street, 1 from North and Charles streets to North street and Maple Lane, 1 from High street and Franklin avenue to Market and Elizabeth streets, 1 from No. 910 west Market street to Market street and Jameson avenues, 1 from West and Elm to Vine and Metcalf streets, 1 from McDonnell and Elm streets to south Main street between Circular and Kibby streets, 1 from No. 541 west Spring street to Spring and McDonnell streets, 1 from Hughes avenue and Second street to Holmes avenue and St. Johns road, 1 from Tanner avenue and Second street to Greenlawn avenue and First street, 1 from North and Jackson streets to Findley and Summit streets.

The additional new arc lights as follows:

One on Bellefontaine avenue near fair grounds, 1 on Linden street, 200 feet east of Pine street, 1 on Kibby street and Harrison avenue, 1 on east Market, east of Detroit Southern railroad, 1 on Elizabeth street, between Haller street and Grand avenue, 1 on Murphy street between Main and C. H. & D. R. R. Also move Welsbach light to Spring streets to south Pierce street on alley south of Circular street; 1 from Linden street tunnel to Wayne street and Walnut alley; 1 from first alley north of Market street on Pine street to Murphy alley and Union street; 1 from first alley north of High street on Pine street to Wayne and McDonnell streets; 1 from Main and First streets to east Vine, midway between Main street and C. H. & D. R. R. on alley; 1 Welsbach light at intersection of Kibby street and Cherry alley, and that the Electric Light & Railway Co. and the Lima Gas Co. be notified to make the above changes without delay.

Additions upon suggestion of members:

One arc light, Scott street, 200 feet north of Linden street; 1 Welsbach light at corner of Elm street and Central avenue. Also Welsbach light to remain at corner Spring and McDonnell streets. Change arc light from Spring and McDonnell streets to Spring and Oak streets.

Clerk reported the following two bids for the proposed issue of \$4,200 worth of Elm street grading bonds: Ohio National Bank, minimum of \$15.75; Crogan Bank, Fremont, \$26.00. The issue was awarded to the Crogan bank.

Report of solicitor relative to High

street improvement assessment against Mrs. Baker was adopted.

Chief of police recommended 15 arrests for last week.

Proposition to narrow McDonnell street north of Murphy street, was referred to the engineer, street committee and solicitor.

Ordinance to improve west Elm street was given its first reading.

Ordinance to change grade of High street between Metcalf and Washington streets was given its first reading.

Ordinance to grade north Metcalf street was given its second reading.

Contract and bond of the Trinidad Paving Co., for the improvement of Market street was referred to the finance committee.

Hearing of petitions for paving of Richie avenue and Brice avenue in Maplewood Place came up, and as there was no objection to the proposed improvements upon the part of any of the property owners, the improvements were declared necessary and specifications were called for. The engineer submitted specifications providing for six-inch concrete foundation, sheet asphalt and 5x20 inch Berea sand stone curb for Richie avenue and they were adopted. The same were adopted for Brice avenue. Specifications for the proposed Jameson avenue improvement were also adopted, providing for brick pavement with sand filler and sand stone curb.

Resolutions declaring the three improvements necessary were adopted.

Mr. Overly reported that the north Main street sewer was not constructed to a sufficient depth to provide drainage for the cellar to be excavated for the new building the furniture dealer James O'Connor is about to build north of Wayne street and that Mr. O'Connor was willing to have the sewer and pavement relaid for a distance of 140 feet practically at his own expense if the city would grant permission for the improvement. Referred to the sewer committee.

Motion to pay the sewer laborers \$1.75 per day instead of \$1.50 per day was made. Mr. McCullough said there were men on the street force receiving \$1.75 per day who should not be permitted to draw that much on account of the "soldiering" they did. He thought the sewer men's wages should be raised and the street force reduced. An amendment to refer the matter to the street and sewer committees was carried.

Owners of property on the east side of south Main street just north of Second street are to be notified to build sidewalks.

OHIO CENTRAL NEW EXCLUSIVE PASSENGER DOCK AT TOLEDO.

A new dock exclusively for passenger business has just been completed by the Ohio Central lines at Toledo by the side of which O. C. trains run and from which any boat plying from Toledo may take passenger business arriving over the T. & C. This new dock will be used for excursion business destined to points reached by the boats, which will enable excursionists to step direct from train to boat without transference across the city.

COURT ALLEN NO. 3452.

Meeting at Donze hall, July 10th, 1901. Bro. Erison Deputy will be present.

CARD OF THANKS.

We desire through the Times-Democrat to extend our heartfelt thanks to the many friends of our beloved brother and nephew, James Burke, who assisted during his long illness and recent death, and also the beautiful floral tributes.

His father, brother and sister and all Mr. and Mrs. M. Kearns.

AT THE COURT HOUSE.

WILL TAKE IT UP.

A motion for a new trial in the case of Frances A. Osborn vs. the city of Lima, has been filed by city solicitor D. C. Henderson.

MAIRAGE LICENSES.

Harry C. Miller, porter, aged 35 and Mrs. Viola Robinson, aged 29, both of Lima. Rev. Figley.

REAL ESTATE TRANSFER.

Thos. K. Scott to Mabel Nickles, in lot 85 in Bluffton, \$1000.

Cantwell McGee and wife, to David Robison, in lot 475 in Jameson's addition, \$900.

Nick Nickles and wife to J. H. Reish, in lot 85 in Bluffton, \$1400.

Samuel Davis to Chas. Davis, in lot 567 in Jacob Reith's addition in Spencer's life, \$140.

Eva M. McDonald to Ella Hall, in lot 2243 in Sutherland's & Hughes' addition, \$1450.

J. C. Dalzell et al. to Nancy E. Dorsey, lot at Market and Central avenues, \$5500.

LIMA

Men Were Addressed Last Night

By Their Chief,

Jas. O'Connell, of the International.

Twenty-four New Members Taken Into the Local Organization.

Picnic to be Held by the Lima Union One Week from Next Sunday—News from the Various Railroads.

The new local organization of machinists held a very successful meeting in the new Black block last evening and the members listened to an interesting address that was delivered by President James O'Connell, of the international Association, who stopped over here, enroute to Chicago, to attend a meeting to be held next Thursday for the purpose of adjusting, if possible, the grievances of the National Metal Trade Association.

The local organization, which was recently formed with a membership of 182 machinists, received 24 new members last night.

Comrades Meet.

J. K. Lowry, of Florence, Neb., and Seymour Evans, of Lima, were here for a couple of days, visiting at the home of Dr. J. Brundage and with Mrs. A. Cloud, Mr. Evans' sister, says the Delphos Herald of Saturday.

They returned to Lima this morning and while at the depot related to the reporter some of their experiences while in the army. They enlisted in Company F, 4th U. S. V. I. and served four years; three years of that time they were bunk mates. These two men were like brothers and up to last fall had not seen each other for 23 years.

Mr. Evans visited Mr. Lowry at Florence last fall and Mr. Lowry is returning the visit now. They were under the command of General Logan in the 15th Army Corps and were all through the south. They marched with Sherman to the sea and were in many hot conflicts. While the troops were at Jackson, Miss., and expected to be attacked at any moment during the night by the Rebels, Mr. Lowry and Mr. Evans were on picket duty.

Mr. Lowry first, and after two hours he was relieved by Mr. Evans. After Mr. Evans' two hours of duty had passed he endeavored to awaken Mr. Lowry, but failed and as a last resort discharged his gun close to the sleeping man's ear, and still he slept, utterly worn out from all night marches and inability to sleep during the day on account of the intense heat.

Mr. Evans has been in the railroad service for thirty years, and is now a passenger conductor on the C. H. & D. As Mr. Evans expressed it, no one can realize how glad he and Mr. Lowry were to meet again, and no wonder they are like two school boys turned loose. Not infrequently tears would start from their eyes as they recounted old experiences and it is not surprising that these men who were more than brothers for four years, sharing all sorts of hardships together, occasionally throw off the bonds of conventionality and give each other a hearty hug.

Machinists Picnic.

The new order of machinists is adding greatly to its numbers. Out of the 98 charter members nearly every one was present at the meeting last night and 24 new members were received into the organization. It was decided to have an outing next Sunday and the boys will put in a pleasant day at Henry Fruch's park.

NOTES

Notes.

Martin Roach, a machinist's apprentice, has left the Cincinnati Northern at Van Wert and accepted a position with the C. H. & D.

There is a popular machinist at the C. H. & D. shops who will shortly wed a north Main street belle, but as he wants to surprise the boys, the secret will be kept.

Dispatcher Tharp of the C. H. & D. touched an electric button the other day that sent several volts through his system. He was not the only one in the office who felt the shock either.

Engine 200 was taken from the C. H. & D. shops today and given a trial trip, the first since she was hauled like a pile of scraps from the disastrous wreck near Parsons' Bluff.

The 206 is in the shape now, however, and is as good as the day she first took the rails.

Open Switch.

Columbus, O., July 9.—A yard engine with several cars going at good speed dashed through an open switch near the Union depot and collided with an incoming express train on the Panhandle. The switch engine struck the third coach of the passenger train and two coaches were demolished. About 25 passengers were injured, none fatally. The most seriously injured are: J. W. Chapin, Indianapolis, side crushed; Helen Chavous, Marion, O., badly bruised about the head; Cora Jennings, Orrville, O., right arm sprained; Mrs. Flynn, Elwood, Ind., head bruised; Mrs. James Coar, Elwood, prostrated and probably internally injured; Leon Coar, Elwood, scalp wound and head badly bruised; brakeman Samuel C. W. son, bruised and cut by broken glass.

Picketing Enjoined.

Cleveland, July 9.—Judge Wing of the United States circuit court issued a sweeping injunction against the striking members on the application of the Otis Steel company of this city. It enjoins local No. 218 of the Iron Molders' Union of North America from picketing the premises or interfering in any manner whatsoever with the business or the employees of the Otis Steel company.

Futile Strike at Waterbury.

Waterbury, Conn., July 9.—Most of the 650 machinists who went on strike May 20 have returned to work, and the rest are expected to return during the week, the strike having been declared at an end without concessions on the part of the manufacturers.

SON

Of the Ambassador to England

Ends His Life.

Committed Suicide at Syracuse, N. Y.

The Tragic Deed Said to Have Been Prompted by Ill Health.

While Alone at His Home He Went Into the Bath Room and Shot Himself With a Rifle, Dying Instantly.

Syracuse, N. Y., July 9.—This city was shocked by the announcement that Frederick D. White, a prominent attorney here, had taken his own life at his home Monday evening.

The sorrowful intelligence was sent the ambassador White will return home at once.

Mr. White appeared to be in usual health during the day and attended to matters of business in the management of the White estate. He was alone in the house with the servants during part of the afternoon. When Mrs. White returned she found Mr. White dead in the bathroom. A bullet from a rifle had passed through his brain and death had been instantaneous. No one heard the shot.

About 18 years ago, on completing his course at Columbia law college, Mr. White had a severe attack of typhoid fever, from which he never recovered. Stomach and intestinal troubles resulted. Later his nervous system became weakened and within a few years neurasthenia developed. A year ago he suffered a severe attack of the complaint. During the recent hot spell another attack of the disease came on, leaving him in a state of acute nervousness.

Frederick D. White was the only son of Ambassador White. He was born in Ann Arbor, Mich., Dec. 15, 1853. He was educated at Cornell university and also in the university of Berlin, Prussia. He studied in Columbia law college, New York, from 1882 to 1884. In the latter year he was admitted to the bar at Binghamton, N. Y., and afterward practiced his profession in this city. Much of his time in later years has been devoted to the management of property owned by himself and father.

Old Claim Allowed.

Washington, July 9.—The controller of the treasury has passed favorably on a claim of \$205 in favor of George P. Roberts of Tennessee, filed nearly 30 years ago. Roberts was a member of Captain David Beatty's company of independent scouts which had never been regularly mustered in Congress recognized their service in 1870 and Mr. Roberts originally was allowed \$1,034. Mr. Roberts, however, had served compulsorily in the Confederate service and did not join Captain Beatty's scouts until Aug. 1, 1864. He therefore returned the check to the treasury Dec. 8, 1874, and asked that he be paid for his actual services.

Echo of Bank Failure.

New York, July 9.—As a result of the closing of the Seventh National bank of New York an application was made in Jersey City to have the Hackensack Land company declared insolvent. Vice Chancellor Stevens granted the application and fixed July 23 as the date for taking up a further application to have Samuel Taylor appointed receiver. E. L. Poor, who organized this company, which hoisted Hackensack in lively fashion, was the New York Stock Exchange member of Marquand & Company. The assets of the company are stated to be \$417,000, liabilities \$418,000.

Their Debts Forgiven.

Chicago, July 9.—Abraham Mitchell, a coal dealer, was declared a bankrupt in United States court. His indebtedness was \$258,747, the greater part of which was liability on bond of Charles W. Spaulding, former treasurer of the University of Illinois. Three other of Spaulding's bondsmen since his sentence to prison have sought relief in the bankruptcy court. Over 200 others were freed of their debts.

Picketing Enjoined.

Cleveland, July 9.—Judge Wing of the United States circuit court issued a sweeping injunction against the striking members on the application of the Otis Steel company of this city. It enjoins local No. 218 of the Iron Molders' Union of North America from picketing the premises or interfering in any manner whatsoever with the business or the employees of the Otis Steel company.

Futile Strike at Waterbury.

Waterbury, Conn., July 9.—Most of the 650 machinists who went on strike May 20 have returned to work, and the rest are expected to return during the week, the strike having been declared at an end without concessions on the part of the manufacturers.

WANTED.

LOST—A cane with odd ivory handle, initials E. F. M. on silver tip; lost at McBeth's park July 4th. Finder will please return to E. F. Maxwell, manager of the park, and receive very liberal reward. 7-3*

LOST STRAYED OR STOLEN—One gray or nearly white mare with clipped forelock, four marks across the rump; weight between ten and eleven hundred, in fairly good flesh. Strayed from 522 Franklin street; will pay a reward for the return or information in regard to the same. H. Buck, 522 Franklin street.

LOST—Monday morning, a pink came setting from a brooch; odd in shape; size, about 1 inch by 1 1/2 inches. Finder will be rewarded by returning to Mrs. Victor Hammond, 749 west Spring street. 9-3*

CLAIRVOYANT.

Madam Godly reads your life as if from a book. She tells just what you wish to know. Business strictly confidential. At home from 9 a. m. to 8 p. m. daily and Sunday. Office 224 north West street.

The like of which cannot be equalled by any other man, woman or child. One visit will convince you of her superiority over all others. Can be consulted upon all affairs of life, business, sickness, change in business, lawsuits, wills, estates, divorces, any kind of love affairs; unites the separated, locates persons or any information connected with human destiny. 8-2w.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FACE HUMOURS

Pimples, Blackheads, Red Rough, Oily Skin PREVENTED BY

Cuticura SOAP

MILLIONS OF PEOPLE USE CUTICURA SOAP, assisted by Cuticura Ointment, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and smoothing red, rough, and sore hands, for baby rashes, itches, and chaffs, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of balls for annoying freckles, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative purposes. CUTICURA SOAP combines in ONE SOAP at ONE PRICE, the best skin and complexion soap, and the best toilet, bath, and baby soap in the world.

Complete Treatment for Every Humour. CUTICURA SOAP cleanses the skin of crusts and scales, and softens the thickened cuticle. CUTICURA OINTMENT, in instantly allays itching, inflammation, and irritation, and soothes and heals, and CUTICURA RESOLVENT, to cool and cleanse the blood. A SPECIAL SOAP is often sufficient to cure the severest case.

Sold throughout the world. British Agents: F. B. & Co., Ltd., 10, Abchurch Lane, London, E. C. 4. Foreign Agents: J. C. & Co., 25, Rue de la Paix, Paris.

CONSUMPTION CONGRESS.

Open Air Treatment Will Receive Considerable Attention.

The British congress on tuberculosis, which will be held in London from Monday, July 22, to Friday, July 26, is attracting widespread interest and attention, says The Lancet.

The public is very quick to take up any new theory or method of "cure" of tuberculosis, especially the pulmonary variety, which may be introduced and all the more if it is ingeniously larded by the lay press. This unfortunately is not infrequently happens, and therefore a congress of genuine investigators is of real importance, as the proceedings will tend to set in their proper place the therapeutic measures which have not fulfilled the hopes at one time expressed for them and to bring more into prominence those which extended experience has shown to be successful. The "open air" treatment of tuberculosis will thus receive considerable attention, and naturally the much disputed influence of climate will be carefully discussed.

Twenty years ago heredity was considered one of the main aetiological factors in tuberculosis. The discovery of the pathogenic bacillus by Professor Koch greatly reduced the importance of heredity, and some authorities would seem to go so far as almost to discard it. This, however, is carrying bacteriological views to the extreme. The bacillus alone is obviously not the sole cause of the disease, otherwise the human species would long ago have become extinct. The exact nature of the second aetiological factor (there may be several) we are not as yet acquainted with. Certain terms are employed concerning it which are somewhat vague, such as "suitable pabulum" or "deficient resistance," and probably hereditary physis is no inconsiderable part, although not so important as one was originally thought, in conferring on the offspring of tuberculosis parents a diminished power of resistance to the attacks of the bacilli.

An overpowering predominance of opinion, however, points toward infection as the most powerful agent in the spread of the disease, and while the medical profession can do much toward lessening the mischief by observation of the habits of their patients and careful tuition the carrying out of the hygienic instructions rests mainly with the sufferers themselves.

The Same Old Story.

J. A. Kelly, relates an experience similar to that which happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Wm. M. Melville, old post office corner.

We know why men's shirt waists look like such poor imitations, they don't wear bosom distenders with them.

THINKS GLASS AGE NEAR

Famous French Scientist Makes an Interesting Prediction.

ALL THE WORLD IN GLASS HOUSES

Day Not Far Removed, Says Jules Henrievaux. When Vitreous Materials Will Play Preponderating Role. Houses in Which Dust Cannot Collect Nor Spiders Spin Their Webs.

According to M. Jules Henrievaux, who originated the famous Palais Lumineux, or palace of light, at the last Paris exposition and who was until recently director of the great glass manufactory of St. Gobain, in France, glass will ere long come to play such a great part in the world's economy that the next age is likely to be distinguished as "the age of glass."

M. Henrievaux is an enthusiast on glass. He believes it to be the material of the future. He does not pretend that the world can look for glass canons or glass men-of-war or glass greynouns of the ocean, nor does he contemplate the substitution of vitreous machinery for that now employed in various processes of manufacture, but he does claim that glass is the best substance known for every kind of structural purpose and especially for dwelling houses. In short, if the visions of M. Henrievaux are realized, says the London Daily Express, all the world will be living in glass houses before long.

The point of the idea is found in the fact that glass is made in its adaptability to all shapes and forms, its durability and its cleanliness. With regard to the second point, it is obvious that glass can be shaped, colored and decorated to an extent of which no other material is capable, and it is upon this aspect of the idea that M. Henrievaux lavishes his imagination.

There are six ways in which glass can be manipulated. It can be cast into window panes, paving stones, panels, etc. It can be molded into cornices, slates, wall decorations and even stoves. It can be blown into bottles, tumblers, vases and all the utensils comprised under the name of "glassware." It can be blown and ground into crystals, lenses, prisms and other objects of art and utility. It can be drawn into the finest threads and made into pipes, baskets and dress materials. It can be turned into mosaics and enamels and can be brought into the closest imitation of most of the precious stones.

Imagine, with M. Henrievaux, the construction of a glass house. The foundations and the walls would be constructed of a variety of glass recently invented called "stone glass," which has already successfully withstood the severest tests. When crushed, it gives a resistance three times as great as granite. When subjected to heat or cold, it is found less sensitive than steel. When subjected to friction, it shows less wear than porphyry. Shock, as of a hammer blow, it resists to a degree 22 times as severe as that which would fracture marble. The test of tension has practically no effect on it whatever.

The walls, then, would be built of glass, held together by angle iron, so as to permit of a hollow space through which pipes could pass (the pipes themselves being glasswork) conveying hot air, hot and cold water, gas, electric wires, drains and everything needed for the health and comfort of the inhabitants. Stairs and balustrades, ceilings and wall decorations, mantelpieces and fireplaces would all be constructed of glass. Some of M. Henrievaux's conceptions in the way of decorations, in which the glass is made opaque or tinted with brilliant colors or made effleur and golden or arranged in prisms and crystals so fanciful to be taken seriously, but through them all there runs the same enthusiasm, the same belief that glass, as Thiers once said of Louis Napoleon, is capable of anything.

Chairs and tables in the new glass age will be made of vitrified material, toughened to the strength of oak and mahogany. Cooking utensils, plates and cups and saucers will be made of the same substance. Even knives and forks will have glass handles, if not glass blades.

The new glass house will be absolutely clean and practically indestructible. The whole of its surface can be washed from the top story to the basement without a trace of humidity being left. Dust cannot collect on its polished face, and the spider will find no place on which to hang its cobwebs.

They have already begun to pave the streets of Paris with glass, and it is found that the substance, while practically indestructible, is admirably suited to the feet of both men and beasts, and as it neither holds nor makes any dirt it is absurdly easy to clean. Its only fault is that it somewhat increases the noise of the traffic, but even this might by and by be overcome.

The question of cost has not been left out of account. Glass can be made out of almost anything amenable to the influence of fire. The stone glass, to which reference has already been made, is manufactured mainly from what have hitherto been regarded as waste substances. The slag heaps which disfigure mining and iron districts are all convertible into glass. Evidently the days of bricks and slates are numbered.

Oklahoma at the Head. Among the several states and territories Oklahoma shows the largest percentage of increase of population, according to the census of 1900.

AN ECCENTRIC MILLIONAIRE

Career of Jacob S. Rogers, the Famous Locomotive Builder.

Jacob S. Rogers, famous builder of locomotives and one of the wealthiest citizens of New Jersey, who died in the Union League club in New York city, was one of the most eccentric characters New York has known. If his often expressed wishes are followed there will be no funeral ceremony. Having few intimate friends and fewer relatives, he felt that any show of grief because of his death would be hypocritical, and he despised hypocrisy.

Secretive to a remarkable degree, Mr. Rogers never let it be known, even approximately, how much he was worth, says the New York Herald. Many estimated his wealth at \$50,000,000. More conservative persons divided that amount by ten. Jacob S. Rogers, who was born in 1824, succeeded in 1856 to the locomotive business his father, Thomas Rogers, had built up in Paterson after constructing the first locomotive made in America. Jacob Rogers retired in 1891, leaving the management to R. S. Hughes.

Mr. Hughes died two years ago, and then Mr. Rogers astonished the world, and Paterson in particular, by announcing that he would close the Rogers Locomotive works when outstanding contracts were filled. Remonstrance meetings were held, and Mr. Rogers was asked to reconsider. It was pointed out to him that he would throw 2,000 men out of employment. His reply was characteristic.

"I have paid them for their work," he said, "and I am under no obligation to them. As for Paterson, I care nothing. The works are mine, and I will close them."

And he did. Then it was proposed to Mr. Rogers that he should sell the works. His requirements were so great, however, that no offer was made. Next Mr. Rogers asked the courts to name a receiver for the Rogers Locomotive works. This was done, and the receiver sold them to Elliott S. Smith and F. P. Holman of New York city for \$902,000.

Mr. Rogers said that he had at that time never sold anything but locomotives and butter, and he told the truth. He invested in securities and did not sell them. If the securities were forced to a fictitious value, Jacob Rogers paid no attention. He bought much real estate that has increased in value, and he has never sold. That is why the extent of his fortune is a mystery.

At Pompton he owned a stock farm of many hundreds of acres, where he raised blooded cattle, thoroughbred horses and maintained extensive game preserves. Butcher making was his hobby. He sold the product of his dairy at 40 cents a pound—never varying. When the demand for it grew, he was offered a larger price. His reply was that butter such as he made was worth 40 cents a pound and no more.

He never married, and his only relatives are said to be nephews and nieces, sons and daughters of a brother. Mr. Rogers was possessed of many habits which excited comment in Paterson. He was very close mouthed about his personal business. The only confidence in that regard that he is said to have trusted to a friend was that the profit on a single locomotive was \$1,000.

UNIVERSITY BOAT RACE.

The English Stroke Won, Says Expert Nickalls.

Vivian Nickalls, the rowing expert, writing in the New York World about the university boat race on the Hudson, says:

"The big race was one of the most magnificent exhibitions of pluck and skill that I ever witnessed. Cornell's first English stroke won. I felt sure it would before the crews had gone half a mile from the start. Cornell has the long body swing for the catch and an almost equally long swing of the body back at the finish that Courtney learned when he brought his crew to Henley in 1895. The Cornell crew, Yale and Harvard all row the English stroke."

Columbia's splendid crew are as plucky a lot of men as ever rowed together. It is an honor to know such men. They were well together and rowed well all the way. With all deference to Hanlan, who, as everybody knows, is a magician with the sculls, the crew rowed too much like eight scullers, doing the work with the arms and legs and not enough with the body swing. Had the style of stroke in the two boats been exchanged Columbia would have beaten Cornell by a larger margin than that of the winning crew. The tide is so much swifter at Poughkeepsie that a comparison of the other day's 15m. 53 1-5s. with the 22m. 15s. of Yale at New London is hardly fair. I should like to see Yale and Cornell race.

Comparing the Cornell crew with Oxford or Cambridge of this year, I still feel that our home crews are the faster. The men are older, stronger, better watermen, and they have mastered the long body swing that brings success.

Shorter Hours of Labor.

Three of the largest shoe manufacturing firms in Plymouth county have agreed to ask their employees to work but 44 hours a week during the summer, says the Boston Advertiser. Two of these firms have decided also to follow the same schedule throughout the year.

To Be Taken With a Grain of Salt. Let none worry about the salt trust. We can economize on salt, says the St. Louis Post-Dispatch. One of the best and healthiest persons in the world grew up without it and has no aversion for it. Ella Erving, the Mississippi giantess, eats no salt.

MASON AND DIXON LINE.

Plans and Appropriations to Re-store It.

The monuments of the Mason and Dixon boundary line between Pennsylvania and Maryland have suffered severely from the attacks of vandals, and they will soon be replaced with cast-iron markers.

Rapid progress is now being made on the relocation of the line, says the Baltimore Sun. The eastern portion was originally marked by stone monuments at equal distances of one mile. Many of these stones have been removed or destroyed. The western portion, owing to the great difficulty at that time in the region traversed by the line, was marked by wooden posts, cut on the spot, and secured in place by mounds of earth or stone piled around them. These posts have disappeared, but some of the mounds remain. Many of them have been destroyed by cultivation of the ground. It is believed, though, that enough of them can be recovered to enable the relocation of the boundary with precision.

The Pennsylvania legislature has appropriated \$7,000 to reset and repair the boundary monuments and the Maryland legislature \$5,000. Dr. W. C. Clark of Baltimore is co-operating with Secretary of Internal Affairs Lattin of Pennsylvania in directing the work.

ANGORA GOATS IN MAINE.

They Are in Great Demand For Clearing Scrubby Pastures.

C. E. Libby, a farmer of Burnham, Me., has gone into the Angora goat business on a somewhat extensive scale, says the New York Sun. He is the original importer of the animals into Maine, and now they may be found in many places.

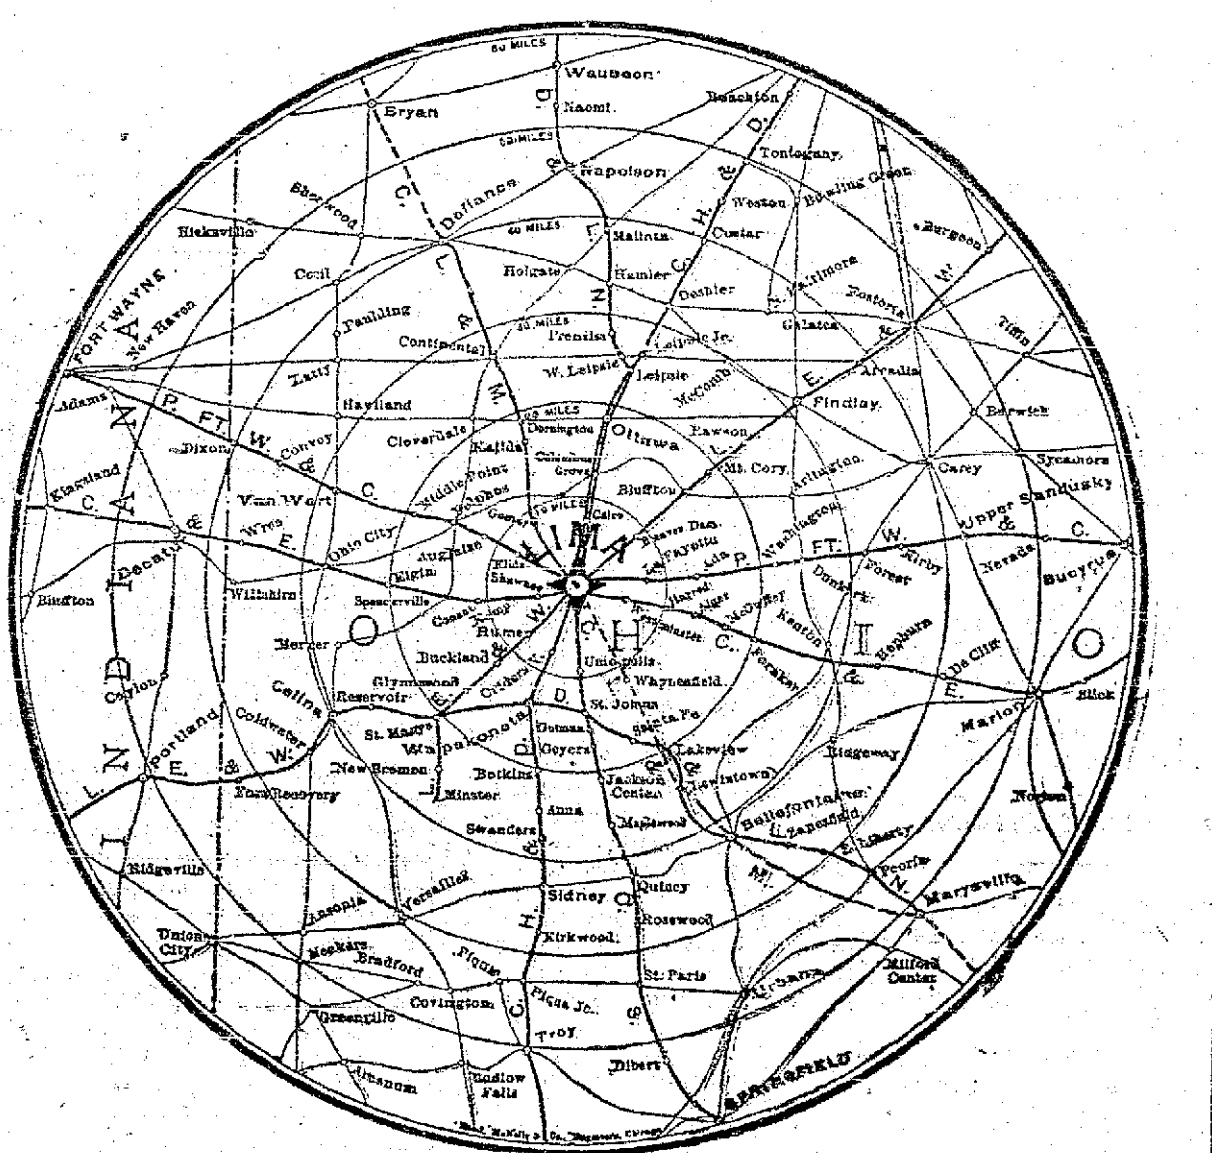

The first lot of 500 which he received from Mexico only a few weeks ago has been sold so rapidly that he has only a few left. A fresh invoice is expected shortly. They were brought to Burnham by rail and were 20 days on the passage, and yet of the very large number received only three died from the effects of the journey.

The demand for the Angora among the farmers of Maine seems to be for the clearing of scrubby pastures and bush country, and as this little animal is capable of eating a great quantity of twigs and bushes he will doubtless prove a boon to the farmers, as the cost of keeping is small and the returns from mutton are large.

After the first baby arrives, its father is indignantly reminded every few hours for the rest of his life that he was once a baby himself.

In a single quarter last year the United States imported from Belgium India rubber to the value of \$690,788.73.

Map Showing Railroads and all Stations Within a Radius of Sixty Miles of LIMA, - OHIO.

WHY LIMA IS A GOOD CITY FOR WHOLESALE BUSINESS.

It is located in Northwestern Ohio, with direct railroad connection with every county in the state, and with every part of the United States. Twenty (20) local freight trains arrive, and leave Lima every day except Sunday, Lima being a division point on all lines. Forty-six (46) passenger trains in and out of Lima every day.

Seventy-five to one hundred through freight trains pass through Lima every day. The following Express Companies handle business out of Lima to all points at one rate:

Adams Express Company, American Express Company, National Express Company, Pacific Express Company, Southern Express Company, United States Express Company, Wells-Fargo Express Company.

The Want of Working People.

When the working man or woman feels sick—liver, stomach or kidneys are out of gear—then Dr. A. W. Chase's Kidney-Liver Pills do a world of good acting directly on these organs and the bowels.

BAY CITY, MICH.

Mr. L. H. Mass, 1301 Columbus Avenue, Bay City, Mich., by overwork and too sedentary attention to his business, brought on an attack of kidney trouble, which made it necessary for him to leave off working at times. He states: "On the recommendation of Mr. Geo. Leyer, druggist, of this place, I purchased a box of Dr. A. W. Chase's Kidney-Liver Pills for my kidney trouble. They acted so well in relieving my pain and backache that I persisted in the use of them until perfectly cured of my trouble. I am a well man now, thanks to the use of Dr. A. W. Chase's Kidney-Liver Pills."

FRIENDSHIP, N. Y.

Mrs. Mary Latham writes: "About one year ago I wrote to Dr. Chase about my sickness and asked him advice. For years before that I had suffered a great deal of pain with my back. This was brought on by kidney disorders. My stomach and liver were in terrible shape also. I treated with a doctor for a long time, but never got any real relief until Dr. Chase sent me a box of his Kidney-Liver Pills. I began to improve immediately and found a real cure in them."

A. W. CHASE'S KIDNEY-LIVER PILLS.

AN EASTERN TRIP

On Excursion Tickets Over the Pennsylvania Lines.

Excursion tickets to New York may be obtained at principal ticket office of the Pennsylvania lines, good going and returning over the Pennsylvania lines—or going via Pennsylvania lines and returning via the other direct lines from New York, including the routes via Buffalo with privilege of stop-over at that point to take in the Pan-American Exposition and Niagara Falls, or returning via Washington, D. C., with stop-over at that point. Full information will be furnished in reply to inquiries addressed to ticket agents of the Pennsylvania lines. July 5-14 d & w

The Best Liniment for Strains.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by Wm. M. Melville, old post office corner.

A man and woman began to talk freely to each other after they have been married a month, and usually overdo it.

FIRE

Fatally Burned Its Victim Before the Aid Of Witnesses Arrested the Flames.

Deplorable Accident Occurred on the South Side Last Evening.

Thirteen-year-old Gladys Benson Died at Midnight from Injuries Sustained from Merciless Flames.

Yesterday afternoon about 3 o'clock a deplorable accident occurred at the home of J. D. Benson, on south Jackson street.

Mr. Benson's thirteen-year-old daughter, Gladys, was assisting with the household duties, when in removing a tea pot from the stove, the gas flames poured out igniting her clothing. Terribly frightened she rushed out of the kitchen into the yard where the air fanned the flames and almost instantly she was entirely enveloped. Shocked beyond all capability of deliberate action, Mrs. Benson, the child's mother, attempted to tear the burning dress from the child who suffering the most excruciating pain dashed frantically about the yard and the terror stricken mother lost all presence of mind but the little girl's agonizing cries soon brought neighbors to the scene.

Mrs. George Himes quickly threw a piece of carpet around the little sufferer while others dashed water upon her, thus extinguishing the flames.

She was removed to the house, where two physicians attended her. Medical skill was, however, of little avail, as the flesh from the child's right arm, lower limbs and back was so terribly burned that it dropped from the body. Every effort was made to save her life, but it was unavailing. After indescribable suffering, she succumbed to the inevitable last night about twelve o'clock. She was a lovable child, universally admired. Her awful death is a terrible shock, not only to her parents, but to numerous friends.

Last winter while the deaconess, Miss Julietta Wilcox, now at Sidney, was working in south Lima, she trained the deceased in religious matters. Before dying, the child requested that the deaconess be sent for to assist at her obsequies. The last request was faithfully obeyed. Miss Wilcox being telegraphed for this morning. She will very probably be present to assist Rev. W. H. Leatherman, who has been summoned from Versailles, Ohio, to conduct the funeral.

GUILTY

Was the Jury's Verdict in Fuery's Case.

George Fuery, who, with Charlie Montague, both of this city, was charged with breaking into and robbing the L. E. & W. depot at Burgoon, had his trial at Fremont yesterday and was found guilty. These two boys have had a fair start on the road to the life of a criminal, having figured in a number of such scrapes, and several witnesses were subpoenaed from Lima to testify as to their character. Montague's trial occurred first and he, too, was found guilty.

It has endured the storms of imitation and competition, yet stands like the pyramids unshaken in the love and confidence of the people. Rocky Mountain Tea made by Madison Medicine Co. 35c. Ask your druggist. 32

Attend the social tomorrow evening at Mrs. James Siefried's, 928 south Main street. Ice cream and cake will be served and good music will be heard.

A father was growling to his son about a love affair. "It's my heart," the son said, "I reckon I have a right to do what I please with it."

The opportunities to be found in a large city, which you so often hear about, are only opportunities for paying more board and more car fare.

Have your picnics and outings at McBeth's Park. 1234t

PERSONAL.

Miss Mary Riley and Miss Clara Crum left Sunday for Cincinnati to attend the summer course of Eden Park Art Academy.

Harry Webb and mother and Miss Inez Bollinger left last night for the south. They expect to spend a month in southwestern Kentucky.

R. R. Groves, captain of Co. A, left this morning for Lima where he will resume his duties in the old field. He will return to this city a few days before the company goes to camp.—Findlay Courier.

Mrs. John Baker, of west McKibben street, will entertain the Faithful Helpers tomorrow afternoon.

Mrs. J. P. Bassler, who has been visiting her parents at Kenton, stopped over in Lima today to spend a few hours with her sister, Mrs. John Bagert, on her return to her home in Indianapolis.

Born to Mr. and Mrs. Wm. Joy, of north Main street, a daughter.

Miss Margaret Heffern, who has been attending school at Quebec, Ont., has returned home.

Lee Mowery, of 403 west Spring street, who has been seriously ill of congestion of the lungs, is somewhat improved.

Mrs. Geo. J. Fisher has returned from a delightful visit in the east.

Mr. and Mrs. Joseph B. Plankell, of Bluffton, spent Sunday in Lima, the guests of Mrs. Plankell's parents, Mr. and Mrs. John Bigelow, of south Mc Donald street.

Peter Simon was in Versailles yesterday viewing the ruins of the destructive fire which visited that town on Saturday. The residence of Alfred Simon, a brother of Peter Simon was included in the ruins.

Mrs. Dan Lynch, of west Wayne street, who has been a patient at the city hospital for the past two weeks and who has withstood a serious surgical operation, is improving nicely and will shortly be able to be removed to her home.

James Tobin, of 951 Greenlawn avenue, who is suffering from incurable cancer, was removed to the city hospital Sunday.

Lima will be well represented at Put-in-Bay this summer, an additional party leaving this morning for that pleasant resort. Those who secured transportation today were Judge and Mrs. James Price, J. W. Halfhill and wife and Mr. and Mrs. S. S. Wheeler.

Mr. and Mrs. I. E. Motter have gone to Buffalo to spend a few days at the exposition.

Prof. Carl Ackerman left this morning for Detroit.

The C. H. & D. carried a number of Lima people to the state convention this morning including U. M. Shappell, W. B. Richie, C. D. Boose, J. C. Ridenour, C. D. Crites, Russell Armstrong and Pete Boose. M. J. Sullivan also went today, and there will be a number of others go at three o'clock tomorrow morning.

The Sunday school picnic of Spring street Lutheran church which was announced for tomorrow afternoon, has been postponed until Wednesday afternoon of next week.

TROLLEY PARTY

To be Formed by Prof. Finley's Dancing Class.

Ride About the City Thursday Evening Will be Followed by a Dance at McBeth's.

One of the events of the week will be an outing of Mr. Ed Finley's dancing class on Thursday evening. The class has arranged for several open cars and will enjoy a trolley ride around the city to furnish music for which Dana's band has been engaged. After the trolley ride, the party will go to McBeth's park, where they will have exclusive use of the dancing pavilion for the evening. The McBeth park orchestra will furnish the dance music. Mr. Finley's dancing class will, during the remainder of the summer, meet at McBeth's park every Monday and Wednesday evening of each week. The cars will leave the public square at 8 p. m. sharp.

We would hate to be a bride in July, and have to begin to do the cooking in such a hot month, instead of eating mothers.

MADE

Their Separation a Certainty. Cut His Throat

When Divorce Summons were Served.

Tragic Ending of the Breckler Divorce Suit Enacted at Delphos.

Breckler Walked Onto the Rear Porch at His Home and Severed His Jugular With a Razor. The Wife in Lima.

The divorce suit which was filed in court here Saturday by Mrs. Rosa V. Breckler, of Delphos, who prayed for a legal separation from her husband, Sylvester Breckler, on the grounds of gross neglect of duty and drunkenness, was brought to a tragic termination at Delphos last evening by the husband, who, after being served with summons issued from the court, ended his life by cutting his throat with a razor.

The summons in the case were issued by deputy sheriff, Mike Summers, who went to Delphos yesterday afternoon and waited for Breckler to return home from his work, he being employed as a section hand on the P. Ft. W. & C. railroad. Breckler arrived at the hand car house about 2:30 o'clock and was met by the deputy sheriff at whom he threw a savage look when the legal documents were handed him. He made no reply when Mr. Summers told him that the paper was a summons in a divorce suit but

walked directly to his home. Prior to his arrival Mrs. Breckler removed her personal belongings and accompanied by her seven children, had gone to the depot to board a train to come to this city. She had appealed to the deputy sheriff for protection, saying that she feared her husband would kill her if he found her after he received the notice of the filing of the divorce proceedings. While the deputy sheriff watched over the frightened woman and children at the depot, Breckler went directly home and finding his wife and children gone, he procured a razor and stepped out onto the porch at the rear of the house he exclaimed "Here she goes," and with a single stroke of the blade he severed his jugular vein and his life's blood gushed from the gaping wound in a stream. For a moment or two Breckler stood still on the porch watching the result of his tragic deed. Then, as he weakened from the loss of blood, he

pitched forward and fell on the grass beside the porch and was dead in a few seconds. The neighbors who witnessed the tragedy, rushed to the fallen man but he was beyond reach of human aid and as soon as life was found to be extinct the authorities were notified and the remains were removed to Berglund's undertaking establishment, where they were prepared for burial.

Mrs. Breckler had boarded the train and started for this city before the tragedy was reported and it is not known or how she learned of the suicide.

Breckler was about forty years of age and had only lived in Delphos about a year. His wife was formerly a resident of Seneca county and fell heir to about \$7,000, part of which she saved by investing it in a farm in Seneca county. Eleven children were born to Mr. and Mrs. Breckler and seven of them survive the unhappy father.

ATTENTION KNIGHTS TEMPLAR.

A stated convocation of Shawnee Commandry No. 14, K. T. will be held this evening at 7:30.

R. C. WOODS, E. C.

E. H. JOHNS, Rec.

F. C. MCCOY, Agent, Lima, O.

Years of suffering, relieved in a night. Itching yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50c.

THE IDLER.

How Snakes Do Grow.

Sunday, while driving near Fort Amanda, Dr. E. J. Barr killed with his buggy whip, a snake of the blue racer species that measured six and one half feet in length, and had a hornlike boom at the tip of its tail. The gentleman who was with Mr. Barr stated upon returning home that the snake was 7 feet in length, when the story was repeated to a Times-Democrat reporter the snake was 9 feet long and had horns on its head and fangs in its tail. "Doc" is kept busy trying to convince his friends that the snake was not a thirty foot boa constrictor.

The house retired before civilization, but the kettle of hot water still sits to be brought out for the bed bug.

Last of the Quintette.

The fifth and last of the suspects on trial at Upper Sandusky for the murder of Clerkman Johnson, now engages the attention of the court, and the verdict in the case of Willis Miller will close the long and sensational session of court during which three men have been convicted of murder in the first degree and one convicted of murder in the second degree.

Good Performance This Week.

Manager Maxwell, of the McBeth park made good selections in booking his performers for the Casino this week. The show is a good one in which the acts are both novel and new. The attendance at the evening performances is increasing each evening.

His Life's Savings.

Elijah Harris, a former Van Wert merchant, sold his property for thirty-five hundred dollars and went to live with his son at Rockford. During the night, burglars entered Mr. Horn's store, opened the safe and got every cent of the money, including an extra amount of two hundred dollars.

Looks Like Business.

The promoters of the Lima, Delphos, Van Wert & Ft. Wayne Electric railroad have secured the signatures of more than 30 percent of the property owners on Main street in Van Wert to a petition asking the council that the line be given right of way through that street. D. M. Fisher, one of the promoters, was in Delphos today.—Delphos Herald.

EDDIE YOUNG

Agrees to Stop Biz Mackey in Six Rounds.

Contest to be Held in Findlay One Week from Today—Young Says It's to be a Sure Go.

LIMA, O., July 8, 1901. SPORTING EDITOR TIMES-DEMOCRAT: "I have received another challenge from Biz Mackey, of Findlay, for anotheristic contest to take place one week from Tuesday next. I have agreed to stop Mackey in six rounds. All agreements have been settled and it is a sure go. Ed. Young."

I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. B. has made me perfectly well woman." Mrs. Charles Hutton Ber-ville, Mich.

I. O. O. F.

All Patriarchs of Ohio Encampment No. 256, are requested to be present this evening at their regular meeting. Business of importance demands your presence. By order of A. W. RUMMEL, C. P. J. E. WATTS, Scribe.

Beautiful methods that injure the skin and health are dangerous. Be beautiful without discomfort by taking Rocky Mountain Tea. Sunshine faces follow its use. 35c. Ask your druggist.

Allen county's delegation to the state convention consists of the following named gentlemen selected at the county convention last April: U. M. Shappell, Thomas Grubb, W. D. Roy, William Klinger, M. V. Eaton, Peter Laughlin, John Herby, John Vint, John B. Saverna, T. B. Bower, sock, E. W. Enslin, J. M. Cremona and J. B. Sunderland.

TWO

New Additions to be Built To Make Room

For the Increased Number of Scholars.

Plans were Submitted and Contract Given to the Architects.

Miss Grace Hunton Elected to Succeed Miss Brotherton as a Teacher in the High School—Meeting of the Board.

It was 8:30 last night before the board of education could be called to order, there being but one short of a quorum until that hour. Those who answered to the roll call were President Sprague, Clerk Catt, Messrs. Metheny, Spyker, Donahue, Dr. Bates, Miss Disman and Mrs. Vicary. George Moyer made application for a position as janitor. The matter was referred to the committee on teachers and salaries.

A communication was received from Arthur E. Kerns, of Findlay, an attorney representing Contractor Karg, in which a demand for the amount still due Mr. Karg was made. He refused to accept any further reduction and says that if the balance of \$214 is not paid, action in the courts will be commenced. On motion of Mr. Donahue, the matter was referred to the committee on law and contracts in conjunction with the city solicitor.

Mr. Spyker read the report from the building and repairs committee, in which it was recommended that an addition of four rooms be built to the south Elizabeth street building and two rooms to the west Spring street building. Closets for Shawnee and south Elizabeth street buildings were also recommended. The report was adopted.

Plans for the erection of the proposed new additions were submitted and explained by architect John Chapin and Leech & Leech, but no further action was taken at this time.

Mrs. Vicary of the teachers and salaries committee recommended the appointment of Miss Grace-Hunton as a teacher in the high school, to succeed Miss Brotherton. Dr. Bates objected, not because of the appointment but because he did not believe another teacher in the high school was needed. Prof. Steffens explained the necessity of a teacher and Dr. Bates withdrew his objections. Miss Hunton was then elected unanimously.

Mr. Spyker made a motion that the plans of Mr. Chapin for the building of the south Elizabeth street addition be accepted and that Leech & Leech be given the contract for making the plans for the west Spring street addition. It was explained that the charge would be 3 per cent, or 5 per cent, if the architects were expected to superintend the work. The motion was carried.

The question of putting in a sewer at the High street building was brought up by Clerk Catt and after a discussion, was referred to the building and repairs committee, with power to act. All connections for sewer, water and gas will be made before the street is paved.

Motion to have the water works trustee furnish service to the Shawnee building was made by Mr. Donahue and carried.

Bids on supplies were submitted by Miss Disman and the contract for furnishing pens and pencils was awarded to the City Book Store, which was several dollars lower than the others. The Eagle pens and pencils will be used.

Supt. Miller asked for the thorough cleaning of the board of education room, which he also uses for his office. His request was granted. Clerk Catt reported the result of the school enumeration as taken by John Lawlor and Ben Klatt. The report shows an increase of 575 scholars between the ages of 6 and 21. The number last year was 7233 and this year it is 7810. The bill presented was for \$202 and on motion of Dr. Bates it was allowed.

OIL MARKET.

Tiona oil	\$1.20

TROLLEY RIDE

And Picnic to be Enjoyed All Day Tomorrow

By Members of Trinity M. E. Sunday School—Will Visit McBeth's and Hoyer's Parks.

Trinity M. E. Sunday school and their friends will picnic all day Wednesday at Hoyer's park.

The day's pleasure will begin with a twelve mile trolley ride, starting from the church promptly at 9 o'clock and going to McBeth's and returning to Hoyer's. The little folks under six will go free, the cost for all others being twenty cents, which will pay for the return trip in the evening. Come and bring your lunch, hammocks, swings, and croquet and have a good time.

A household necessity. Dr. Thomas' Electric Oil Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

BILLY VOSSLER

Arrested and Brought Back from Toledo.

Is Charged With Having Taken Money, Cigars and Liquors from Chris Geiger's Saloon.

Billy Vossler, a bartender, who until recently was employed at Geiger's saloon, was brought here from Toledo today, charged with having taken about \$11 in money, some cigars and liquor from Geiger's place when he left. He has not yet been arraigned before the mayor and Mr. Geiger is willing to withdraw the charge if the prisoner will repay the missing money.

The lawn sets tomorrow evening at the residence of Mrs. James Seiffert, 928 south Main street, is for the benefit of the new south side Catholic church. Spend a dime, lend your presence, and enjoy a pleasant evening.
